

## Ed Helps

Some words from Ed.

- In my business career I have held senior management positions in a mutual organisation.
- I was the Managing Director and now a Non-Executive Director of a large canal and canal boating related leisure business.
- I was a Trustee / Director of the Droitwich Canals Trust leading up to the full restoration.
- I am an elected main board Director of British Marine which leads activities in support of businesses in the marine industry and their supply chain. This includes the Southampton International Boat show and other well know events and activities.
- I sit on the Canal & Rivers Trust South West region advisory board having just been elected for a third term.
- I understand the requirements and responsibilities of being both a Trustee and Company Director.
- I am a life member of the Herefordshire and Gloucestershire Canals Trust. I have supported the Trust through my business and taken an interest in its work over the years.
- I am able to think strategically and work with others to develop, implement and monitors plans.
- I am used to working through problems and finding solutions.
- I have many skills and experiences developed through both business and personal life that can contribute to the leadership, operation, and development of the Trust.
